Paperpoms UK Sustainability and Earth/Eco respectfulness statement

A message from founder Juliet Carr to the events and
hospitality industries.

Paperpoms UK: Sustainable & Eco-Friendly Décor for a Greener Future

A Greener Choice for Corporate Events

When your company chooses Paperpoms UK, you're not only enhancing your event space — you're making a **statement about your values**. Our eco-friendly décor aligns with your **corporate social responsibility goals**, allowing your brand to celebrate sustainably, inspire others, and feel genuinely good about every event you host.

AT **PAPERPOMS UK**, SUSTAINABILITY ISN'T AN AFTERTHOUGHT — IT'S AT THE HEART OF EVERYTHING WE CREATE. WE BELIEVE BEAUTIFUL EVENT DÉCOR CAN BE BOTH **ELEGANT AND ENVIRONMENTALLY RESPONSIBLE**, OFFERING BUSINESSES AN OPPORTUNITY TO MAKE A POSITIVE IMPACT WHILE CELEBRATING IN STYLE.

UNLIKE SINGLE-USE DÉCOR, **OUR FLOWERS ARE MADE TO LAST**. WE OFFER A **HIRE-AND-REUSE MODEL**, MEANING OUR PAPER FLOWERS ARE USED TIME AND AGAIN FOR EVENTS ACROSS THE UK — DRASTICALLY REDUCING WASTE AND PREVENTING BEAUTIFUL MATERIALS FROM ENDING UP IN LANDFILL.

**DESIGNED
FOR REUSE**

Challenging and Changing the Throwaway Culture

The events and hospitality industry has traditionally relied on **single-use decorations** that create huge amounts of waste after just one day of use. At Paperpoms UK, we're challenging this mindset.

Eco-Conscious Materials

Our designs are crafted using only the most environmentally friendly materials:

Eco Silk Fabric – Our exclusive Eco Silk is made from **100% organic banana tree fibre**, naturally woven with silk. This innovative textile is completely biodegradable and produced without harmful chemicals, supporting both the planet and local farming communities.

FSC-Certified Papers – All of our papers are **FSC-grade**, ensuring they come from responsibly managed forests that provide environmental, social, and economic benefits.

By choosing to **reuse, recycle, and renew**, we're proving that stunning event design doesn't have to come at the planet's expense. Each installation is a step towards reducing waste, conserving resources, and inspiring others to think differently about décor

Recycling and Renewal

Even when our blooms reach the end of their display life, they continue to give back. We carefully **recycle and repurpose petals from older flowers**, turning them into new floral designs. This closed-loop approach ensures that every piece of décor contributes to a sustainable cycle.

Thank you for reading and considering us for your future events.
